

Gold Award

We hereby honour

Bismack Archipelago Art

with the icma Gold Award

for exemplary design and concept in the category

Art Books

364 publications participated in the fifth icma - International Creative Media Award. The competition has been founded in 2010 and is organized by the International Editorial-Design and Research Forum, Germany. The competition aims to support the exchange of creative ideas at the international platform.

Awards of Excellence are given in twentytwo categories:

employees newspapers and employee magazines, image brochures, annual reports, books, company logos, corporate design, magazines, customer magazines B2B, customer magazines B2C, trade magazines, cover and coverstory, typography, photography, photo-report, visual storytelling, visualization, alternative storytelling, infographics, illustration, online and tablet apps.
